### **Barenbrug adds new Forage Product Manager to US division**

*August 13, 2007 Tangent, OR* Barenbrug USA is pleased to announce the recent hiring of James Leeper as Forage Product Manager for Barenbrug's North America division. Leeper is a graduate of Oregon State University (*B.S. in Agricultural Sciences with an emphasis on Animal Science, Ag and Resource Management*) and brings over 15 years of livestock industry experience to the position. Leeper's involvement in the livestock industry includes sales and marketing of reproduction/genetics products in both the dairy and beef segments.

"I look forward to working with products that have such a great reputation in the marketplace," Leeper said. "Barenbrug is a very well known, high-quality forage company in the dairy and beef industry and their reputation will help move us into new market segments. I look forward to helping the company become more successful in the forage industry."

Leeper is married with four children. Wife, Lelonni and children Cassie (15), Hayley (13), Hannah (10) and Austin (5) are excited to be part of the Barenbrug family. Leeper enjoys hunting, fishing and spending time with his family. In addition to all of his duties at Barenbrug you can also find Leeper coaching his daughter's softball team as well as his son's football team. Leeper also brings a military discipline to his position. Leeper served in Desert Storm and was a Combat Engineer for the Oregon Army National Guard.

Barenbrug USA is a well-established company with a tradition of providing high quality turf and forage seed to the market. Leeper can be contacted at Barenbrug USA located in Tangent Oregon.
